Users

Username: F370AL0001

Initial Password: uchicago1

You can access your UCSMP online student edition using the userID and initial password above. After you log in the first time, you should change your password using the "Settings" icon or menu.

On a Desktop or Laptop Computer

You can access your online textbook from any browser, although the system is optimized for Google Chrome. Go to the website <http://ucsmp.read.inkling.com> to get started.

Tablets and Smartphones

You can use the browser on your mobile device but a much better reading experience is available using the Inkling Axis application. Go to Google Play (Android) or iTunes (iOS devices) and search the app store for "Inkling Axis". Do NOT search for "Inkling" as this app is NOT compatible with your textbook.

Tips and Tricks

You can highlight text and create sticky notes on your textbook. Highlight using your mouse (desktop), trackpad (laptop) or by touching and holding on the desired text (mobile). You will then be offered the option to permanently highlight the selection or to add a sticky note at that location.
